

This exercise continues class discussion of Bentley's column on *little languages*.¹

1. List the members of your group below. Underline your name.
2. Describe a little language you have encountered, other than those described in the paper. Outline its syntax and semantics and provide an illustrative example. What are its strengths and weaknesses?

¹Jon Bentley, "Little Languages," *Communications of the ACM* 29/8 (1986).

3. Repeat Question 2 for a component of your Capstone project.
