

**Today:** Writing exercise, focusing on related work.

**Next class:** mini-presentations.

1. List the members of your group below. Underline your name.
2. What are the different ways in which prior work may relate to the work described in a report?
3. Cite three papers, or other publications, that are most closely related to your project. If you do not recall some specifics (e.g., page numbers, journal volumes), you may substitute dummy values for now. However, ensure that the citations have the appropriate details and formats. Indicate the category of each, following Question 2.
4. Provide a brief description ( $\sim 20$  words) of the main contribution of two publications from Question 3.

5. Provide a brief description ( $\sim 20$  words) of how the contribution of each publication from Question 3 *relates to your project*.

6. Critique of the above:
