Today: Report and code packaging workshop.

Next class: Packaged code walk-throughs. Place your packaged code at an easily accessed network location before class.

- 1. List the members of your group below. Underline your name.
- 2. List five aspects of your report or packaged code that you think are the best done or that illustrate good practices. Be as specific as possible, in order to allow others to comment in a brief time.

3. Exchange worksheets and provide feedback. Feedback from:

4.	List five aspects of your report or packaged code that you think are most in need of improvement, and for which you would most like some feedback. Be as specific as possible, in order to allow others to comment in a brief time.
5.	Exchange worksheets and provide feedback. Feedback from:
