Reminders:

1. Monitor email and newsgroup.
2. Final submissions deadline: official final exam start time.
3. Submission items: (a) Poster (`po`). (b) Project report (`pr`). (c) Source code, with good README (`pc`).
4. Upload file-name template: `cos397-`*xy*`03-`*Lastname*`-`*Firstname*`-PQRS`.pdf
   Replace *xy* with the parenthesized codes from above, and use a suitable extension (`.tgz`, `.zip`, etc.) for the code submission; replace the other italicized items as before.

1. List the members of your group below. Underline your name.

2. Complete the following for a project *other than your own.* Use your own words and interpretation of the project; do not simply reproduce text from posters.

   (a) Project name:

   (b) Participants:

   (c) Goals:

   (d) Main tasks:

   (e) Three strengths:

   (f) Three weaknesses:

   (g) Most interesting aspect, with brief explanation:

   (h) Three suggestions for improvement:

3. Complete the following for *another* project other than your own. Use your own words and interpretation of the project; do not simply reproduce text from posters. Focus on the project work, not the poster.

   (a) Project name:

   (b) Participants:

   (c) Goals:

   (d) Main tasks:

   (e) Three strengths:

   (f) Three weaknesses:

   (g) Most interesting aspect, with brief explanation:

   (h) Three suggestions for improvement:

4. List the three most significant suggestions or other comments for your own project, received from others.
